

Maxwell and Gunter Pools

Fish Pass

Pool management recommends dependants with military I.D. ages 11-13 get a pool “Fish” pass so lifeguards will know they are proficient swimmers. With a Fish pass that age group can be left unattended at the pool. There are no exceptions. The Fish passes will be issued only when a child can demonstrate that they can swim 40 feet, tread water for one minute and are able to pull themselves from the water without using the pool ladder. The Fish passes are free and are good for the entire summer.
